

Winland Announces the Signing of a Purchase Agreement for its Mankato Headquarters Building

Mankato, Minn. / December 5, 2012 - Winland Electronics, Inc. (NYSE Amex: WEX) today announced that it has signed a purchase agreement to sell its headquarters and manufacturing building to Nortech Systems, Inc., of Wayzata, Minn.

The sale of the 58,000 square foot facility is contingent upon customary closing conditions, including environmental studies, appraisal and financing approval. Details concerning the net proceeds from the transaction were not yet available because the transaction is still subject to closing conditions.

The company anticipates the transaction to be complete by the end of 2012.

About Winland Electronics

Winland Electronics, Inc. (www.winland.com), is an industry leader of critical condition monitoring devices. Products including EnviroAlert, WaterBug, TempAlert, Vehicle Alert and more are designed in-house to monitor critical conditions for industries including health/medical, grocery/food service, commercial/industrial, as well as agriculture and residential.
